Dear General Draude,

I would like to personally thank you for the generous contributions that the Marine Corps University Foundation (MCUF) has provided and is planned to provide to the University for Fiscal Year 2014. As you know, MCUF's incredible support makes so many things possible here at the University, from lecture series, to endowed chairs, battlefield studies, and other educational opportunities. While you talk about MCUF filling the gap between what we get and what we need, I would submit that MCUF fills the gap between a high-class institution and a world-class institution. The professionalism and hard work that you and your team deliver each and every day to Marines here in Quantico and across the globe absolutely does not go unnoticed and is very much appreciated. From all of us at Marine Corps University, we thank you for your support and generosity.

Sincerely,
